Benjamin Schmittzehe (1987)

Claire Strickett (MSt 2010)

Brad Wilson (1967)

DIRECTOR'S WELCOME

It is a pleasure to have the opportunity to thank our donors each year in this special report. This year has been extraordinary, and the support from our alumni and friends during this period has provided a much needed morale boost for the College during a time of uncertainty.

None of us could have anticipated the difficult months running up to our special anniversary, but we look ahead to 2021 with optimism and renewed gratitude. In 2021 we will enter our 450th year as an Oxford college and, thanks to the support of our alumni and friends, we will complete the development on one of the biggest transformations of College since its early history. Our new Northgate building will be an incredible asset to the Jesus College community and its projected opening at the end of our anniversary year will be an achievement for us all to celebrate. Northgate is something we think our alumni and friends must see to believe. Before lockdown, we had started to offer behind-the-scenes tours of the site, and we look forward to offering more visits as soon as it is safe to do so.

We deeply regret that our in-person events will not resume at the start our special anniversary year as we had hoped. However, I am delighted to say that we have a fantastic programme of alumni and donor events planned this year both online and hopefully in person from late spring 2021 (please see p.12 for forthcoming events).

At the time of writing this, we have raised over £39 million of our £45 million target for the College's 450th Anniversary Campaign. This is a collective achievement from our alumni and friends and none of this would be possible without you. We are in the home stretch of this Campaign and the support we now seek towards our remaining £5.8 million target will be used for academic priorities that will help position College and its Northgate development at the helm of new digital learning methodologies at Oxford and nurture the talent to produce cutting-edge research. With a milestone anniversary and a landmark new building near completion it is a very proud moment for Jesus College, and we look forward to the time when we can celebrate these accomplishments with you in person.

Thank you for supporting your College.

Best wishes from Oxford,

Dr Brittany Wellner James

COMMENTS FROM THE ESTATES BURSAR ON THE FY18/19–FY19/20 GIVING PERIOD

The College is pleased to report a continuation of its fundraising success in the period since 2018.

The £2.7m raised reflects a wide range of contributions; big, small, one-off, and regular; all of which demonstrate how so many of our alumni have seen fit to support the College. Their generosity has made a huge difference to the College's ability to fulfill its key academic objectives.

Support for tutors, student numbers, widening access, and research have been at the forefront of our efforts to raise funds, and so it is gratifying to see this reflected in the results. We have had particular success with access, reflecting the enormous effort made by our Access and Outreach team, led by Dr Matt Williams, to reach schools and disadvantaged pupils in Wales and London.. The other priorities have also benefited, not just from designated funding, but also through the Development Fund which, being unrestricted, allows us to direct resources to areas of most need. As a result, the Development Fund has contributed to undergraduate bursaries, graduate studentships, and support to the tutorial system, as well as other aspects of access and outreach.

There is always more to be done, but at a time when College, like so many other organisations, is pressed by the impact of the pandemic, it is with gratitude that we reflect on how our alumni and other donors have made such a difference.

Mr Stuart Woodward

Estates Bursar (1976, BA Modern History)

...to inspire them

A STUDENT'S LETTER TO HER TUTORS

We are delighted to share with you a thank you letter from **Emily Godwin**, a third year Classics and English student, to her tutors **Professor Paulina Kewes**, Fellow and Tutor in English, and **Professor Peter Davidson**, Lecturer in English, following her final exams at Jesus.

Dear Paulina and Peter,

Thank you so much for both of your support, it meant that I felt so much more confident when sitting down yesterday to do the paper.

Peter, you will laugh because the first question on the paper was about Scotticisms and dialect which you know I love, and so wrote about Scott's Minstrelsy and antiquarianism.

I also wrote about Hogg's Confessions for a question about first hand narrative and history which was just a perfect question for the novel, since its narration is so complex. Hopefully I managed to do it justice.

I was very lucky with the questions and although I'm a little bit worried that I showed no real range of knowledge (I think I might have convinced the examiner that I was in fact Scottish more than anything else) but I really hope that I have done your wonderful teaching justice.

I wanted to say thank you in person but of course I am not sure when that will be so I will say it by email for the time being! I wanted to thank you both for nurturing my love for English and confidence in my own ability – whatever my mark is eventually, I have learnt so much from you both and feel so inspired by your passion for what you do. I feel I have grown so much as a student and feel more inspired than ever to do a masters (hopefully back at Jesus eventually!!). It is very much down to you both and I feel so lucky to have been taught by two such inspirational scholars.

Now for some more exams and lovely Greek...

*Best,
Emily*

The commitment today...

THE STUDENT SUPPORT AND BOOK FUND APPEALS 2020

The Development Fund supports remarkable people and programmes that make a difference in the lives of Jesus students. Each year we ask members of our community to support the Development Fund, and we are grateful to the current alumni and friends of College who choose to donate.

Alumni donations to the Development Fund have an important and direct impact on College academic life by providing funding for postgraduate studentships, scholarships, dissertation and research grants, Open Day travel bursaries, and academic awards. This funding also provides important additional support for student extra-curricular activities and for the Access and Outreach team to make schools visits. This year, the disruption the College community faced in Trinity Term meant that it was incredibly important for Jesus to offer stability and reassurance for its students during the pandemic. Your support of the Development Fund enabled us to do so.

Owing to the pandemic, the decision to postpone the annual telethon left a funding gap of over £60,000 for the Development Fund. Over the month of June we worked closely with the Academic Office on two student appeals to bridge these gaps. Our June appeals to 'Stand by our Students' and to support the College's Book Fund raised £99,000 for the Development Fund, and £12,000 specifically for books. Without access to College and the libraries in Trinity, our students needed to find ways to study and research from home. The generous support you provided during this time meant that they could access the materials they needed to be successful.

The impact of Covid-19 has been especially hard on our First Years, who have not been able to experience the traditional processes of settling in to College life. For returning students, Jesus in Michaelmas was both a familiar and an alien place, as new routes through College and new rules in public spaces were imposed. Hall dinners could not be held as normal and a giant marquee was erected in Second Quad to allow for safe dining and socially distanced meetings. College's first priority in the pandemic has always been to protect its members, and our Academic Director, Tutors, and College staff have worked hard to ensure that our students receive the same standard of excellent teaching, research support, and pastoral care this year.

It is because of your continued support of priorities like the Development Fund that our College community could feel a sense of normality during term time. Thank you for the important part you have played and continue to play in easing their stress in this time of uncertainty.

Mr Edmund Levin

Annual Fund and Giving Programmes Manager

...to change lives
tomorrow

BCL SCHOLARSHIPS AT JESUS COLLEGE, A BADGE OF THE HIGHEST QUALITY

The BCL at Oxford University is a world-renowned taught graduate course in law, designed to serve outstanding law students from common law backgrounds. It is one of the most prestigious degrees available at the University and as such the academic standards are high and application process rigorous.

The BCL scholarships at Jesus are a badge of the highest quality, denoting the pursuit of academic excellence and our ongoing commitment to promoting the study of law. The College is exceptionally grateful for the decision you made to support young students of law through the provision of the BCL scholarships. Your kindness has enriched the academic environment in College and has enabled us to welcome a number of exceptional students who have contributed significantly to both their department and College.

The breadth of the course and the diversity of the cohort make it a vibrant and fulfilling experience for students and tutors alike. We have been pleased to award BCL scholarships to students from countries across the world. It has been noted that the international character

of the cohort greatly enhances the quality of tutorials as the individuals bring a wide variety of different perspectives to discussions. Financial constraints can still deter the brightest students from taking up well-deserved offers at Oxford, therefore it is wonderful that we have the opportunity, through these scholarships, to support the very best students at Jesus.

The students who have benefited from your generosity have been able to pursue a whole range of careers and opportunities which otherwise would have been impossible without the support of a BCL degree. It is without doubt that all recipients will be an asset to the legal and wider community, and the scholarship is regularly described as 'transformational' and 'life-changing'.

"Without the scholarship I simply would not have been able to fund the remainder of the BCL course fees as well as my living costs. The scholarship therefore enabled me to take my place on the BCL and at Jesus College without worrying about how to fund myself for the year; I could dedicate my worrying solely to BCL studies instead! After working hard during my undergraduate degree to achieve the grades for the BCL, it was a relief to be able to do this.

— Sophia Demetriou-Jones (2019, recipient of the BCL scholarship)

Attracting the best...

OUR ACCESS AND OUTREACH PROGRAMMES

Jesus College has been pioneering in its access and outreach efforts to reach out to schools and communities where pupils might not otherwise be encouraged to aim for Oxford.

The young people we work with in our access programmes mostly come from South London, Wales, and Oxfordshire. Some of these young scholars come from the poorest and most educationally deprived areas of Europe, let alone the UK. They will have the talent and the aspiration, but they do not have access to the range of opportunities some of their more privileged peers have. To readdress this balance, we continue to invest in our access programmes in order to expand our pioneering access and outreach work with state schools in our target communities.

At the very least, we want to change students' perceptions of Oxford and thereby shift their motivations. Our aim is to reach students who may otherwise never consider studying at a leading university in the first place because they believe Oxford is "not for them". This is where our outreach is most critical. By bringing students to College and working directly with their own schools, we become ever more open and accessible, which in turn gives students the confidence to apply.

...from all backgrounds

Our outreach programmes focus on Wales and London, where we have historic ties and where the University has entrusted us to take a lead.

WALES

College and University currently deliver outreach work that serves the whole of Wales. This recent partnership has allowed us to do more to alleviate the disparities in access provision in South and North Wales. We are now beginning to reach largely rural and coastal communities of Mid and North Wales, which have hitherto been under-served. The College's flagship intervention – the Seren Network Summer School – is the largest provision for Welsh comprehensive school students outside of Wales. Each year we invite over 70 students and their teachers to reside at Jesus for a week's experience of living as an Oxford student.

This summer school model has been so successful that it is part-funded by the Welsh Government. Even better, it has recently been secured in perpetuity by the fantastic generosity of an endowment from a Jesus alumnus. In addition to College's own investment in the programme, we are beginning to attract transformative levels of support from other donors. The best part is that we are making an impact: last year 10% of all applications from Wales to Oxford came from summer school participants.

Our ambition for Wales, is to continue our outreach efforts by visiting schools and bringing pupils to College. With your support we can continue to grow the number of pupils we see and increase our capacity to make school visits.

LONDON & OXFORD

Our work in London and Oxford allows us to reach some of the most diverse communities of possible future Oxford students. We want to expand our programme of activities to provide, in particular, more access opportunities to BME students, and for young people from the poorest backgrounds. We are already making headway in these areas, but have ambitions to expand our outreach network with partners such as the Brilliant Club, IntoUniversity, Rare, Target Oxbridge, and University.

We also want to work more closely with our London-based alumni, so that they can help provide expert guidance to our target schools. This will follow a similar model to that achieved at Brampton Manor ('The Eton of the East-end') where networks of experts helped a state academy school send more than 40 students to Oxbridge in a single year!

Another ambition is to create a London summer school programme, similar to what we already offer Welsh students. We believe that giving these students the chance to have an authentic "Oxford experience" is an important endorsement from the College towards their futures.

Access & Outreach at a glance

I

Currently, nearly 30% of Jesus students receive a financial bursary or scholarship.

II

We were one of the first colleges to employ a Schools Liaison Officer and subsequently an Access Fellow from 2014.

III

In 2019, our outreach activities at College and in schools reached more than 9,000 young people from nearly 500 state-funded schools, an increase in contacts of 25% on the previous year.

IV

57% of students admitted between 2015-2017 were from state-funded schools; 11% were from less advantaged areas.

V

In collaboration with the Welsh Government, our pioneering Access Summer School hosts 75 students from Welsh state schools for a week of interdisciplinary lectures, seminars, and tutorials to raise aspirations and attainment.

In each year, from 2017-2019, nearly 2/3rds of summer school attendees applied to Oxford, with a higher than average success rate. In 2019, the programme was extended to target schools in London.

WITH YOUR SUPPORT, WE AIM TO DO THE FOLLOWING:

Expand our programme of bursaries to ensure that the very best students have the opportunity to receive an exceptional education at College, regardless of their financial circumstances.

Increase our access and outreach programmes in London and Wales. We will also expand our pioneering work with state schools, to reach young people who may otherwise never consider studying at a leading university, let alone Oxford.

Fully endow our Access and Outreach Fellow, and the role of an Access Co-ordinator to ensure that these programmes have the vital administrative support to continue.

For more information on our Access and Outreach programmes please visit:
www.jesuscollegeoxford450.co.uk/access-outreach

A large group of students and Dr. Matt Williams are posing in a courtyard in front of a historic building. The students are arranged in several rows, with some standing on the grass and others on the stone path. Dr. Williams is in the front row, wearing a blue blazer. The building in the background has a prominent tower and crenellations. The sky is blue with some clouds.

“Ours is a shared community, a fellowship and a collective of scholars. Anyone can be a part of that community. It doesn’t matter what background you have, or how rich or poor your parents are. The only thing we care about is whether you’re willing to share your ideas.”

— Dr Matthew Williams, Access and Career Development Fellow

Dr Matt Williams with students of the 2019 Seren Summer School

SUPPORTING INSPIRING TEACHERS AND WORLD-LEADING RESEARCHERS

A recent gift from Professor Thomas Phillips and his wife Dr Jocelyn Keene provided spend-down funding to support a Junior Research Fellowship (JRF) in Climate Science from 2020-2023.

The Professor Thomas Phillips and Dr Jocelyn Keene Junior Research Fellow in Climate Science will develop and strengthen the research profile of College, while helping make Oxford a leading centre for research into the climate and climate evolution of Earth and other planets, including the newly discovered exoplanets. This is a crucial area of study for understanding climate change, and the JRF therefore exemplifies the connection between fundamental scientific research and contemporary human challenges, which is one of the central inspirations of the Northgate project. Professor Phillips himself was College's first JRF in 1963. He is now Professor Emeritus at the California Institute of Technology and wanted to give a young

researcher a similar opportunity to that which he received at Jesus.

Our Fellows, from early career researchers to established, internationally-renowned scholars, generate new knowledge, and conduct ground-breaking research that impacts on government and society. Above all, they inspire our students to excel. The academic strength of our Fellowship has positioned Jesus College as a leading college for pivotal research in STEM, Social Sciences, and the Humanities. A key aspect of the Northgate project is therefore to fund teaching and early-career research fellowships to ensure that we maintain and deepen the diversity of academic interests and backgrounds which makes Jesus such an exciting place to study and to learn.

“My hope is to use the freedom and support offered by the JRF to create various international collaborations, in order to bring together and advance the most promising strands of research related to stochastic parameterisations in climate models.”

— Dr Kristian Strommen, Professor Thomas Phillips and Dr Jocelyn Keene JRF in Climate Science

...and possibilities

WHY FINANCE A DOCTORAL STUDENT AT COLLEGE?

A collaboration between four Old Members has resulted in secured funding for a DPhil Student in Philosophy under the AHRC matched funding opportunity.

This exciting development will only succeed if College can secure the most promising scholars available. Helping the younger generation to fulfil their ambitions is important for College, Oxford and society. By combining our financial support, the four donors are able to achieve significantly more than could be attempted individually. Moreover, the availability at this time of matching AHRC funds makes it a very efficient use of our funds. In addition, we gain the satisfaction of helping the aims of College and the opportunity of identifying the use of our contributions with a student who we will meet and get to know.

None of the donors are philosophers by trade! Philosophy was chosen because it is a difficult field to finance in the present economic climate. Many things are possible if we work together and we certainly need to think clearly in these trying times.

— Mr Alec Monk (1962, PPE)

Alec was joined by fellow alumni Mr Rodney Wright (1962, Geography); Dr George Reah (1962, Mathematics) and Mr Harry Seekings (1992, History) in making a collective donation to secure an AHRC DPhil Studentship in Philosophy. The student will be selected in spring 2021 for Michaelmas 2021 entry.

Graduate students are important assets to the University, often making ground-breaking contributions to a wide range of fields. The AHRC matched funding opportunity is an excellent way to make efficient and impactful use of funds.

Increased fees for undergraduate study has resulted in declining resources for graduates and a noticeable increase in prospective Humanities graduates struggling to cover the cost of their study.

As a result, the limited pool of scholarship schemes are vastly oversubscribed. At Jesus, in response to this pressure, we are committed to ensuring the best prospective students are not deterred from applying to College. The AHRC matched funding opportunity is an excellent way to support the future of research and graduate study at Jesus. If you are interesting in finding out more, please contact Georgina Plunkett via email: georgina.plunkett@jesus.ox.ac.uk.

Forthcoming events

Our alumni events programme for the special 450th anniversary year celebrates our College's rich and fascinating heritage, whilst also looking forward to the future – shining a light on our values and priorities as a dynamic and interdisciplinary 21st century Higher Education institution.

We hope to engage and inspire as many of our alumni body and supporters as possible, whilst also developing our relationship with the local community and the Jesus students of the future.

On our exact 450th birthday – Sunday 27 June – we shall celebrate this occasion with a commemorative service in the University Church, followed by a reception in College with a talk from the College Archivist.

We will also engage alumni with young families in a more direct way than ever before with a '450th Anniversary Family Day' (likely to be held on Saturday 24 July) in collaboration with the recently opened Oxford Story Museum, in what promises to be an open and accessible event with age appropriate activities across disciplines.

Our annual London Drinks reception, a highlight of our annual events calendar (Tuesday 5 October), will include

a talk at the Royal Society on College's Tube Alloys project from Professor Tim Palmer, followed by a reception.

We will also hold our first London Carol Service with a Donor Reception at the start of December 2021 at St. George's, Hanover Square, with the final major event for donors being a black tie winter gala night in College, celebrating our new Northgate site, to round off this special year in style.

With Covid-19 regulations in mind, we are actively working on digital alternatives to in-person activities should they not be prove possible to organise in-person. We hope that our 2021 programme will provide something for everyone, and that in this most special of years, you will join us and celebrate your part in our 450-year story.

Dr Peter Sutton

Alumni Engagement Manager

We encourage you to visit our events website: www.alumniweb.ox.ac.uk/jesus/events for up-to-date information, or contact the events team via email: events@jesus.ox.ac.uk

Our donors

EVERY GIFT, NO MATTER THE SIZE, MAKES A DIFFERENCE

Our heartfelt thanks goes out to all of our donors, including those who prefer to give anonymously and whose names are therefore omitted from the following pages. We are immensely grateful to our alumni and friends for their loyal and continued support to College. The donors listed here have made a gift to Jesus College between 1 August 2018 and 31 July 2020.

“The Campaign was planned to mark the 450th anniversary of our College in 2021, but no one could have foreseen that it would also coincide with a time when big questions are being asked of our country. Among those questions, the value of university education – who should have access to it and what should be taught – are all on the agenda.

I see the Campaign as a chance to take a hard look at the future and focus on what has always been important. We will have a new building and we hope to fund tutorial fellows, postgraduate scholarships, and access bursaries for undergraduates – to bring that building to life, bring disciplines and people together, and fill it with intellectual endeavour.”

— RUTH SAUNDERS

(English, 1974)

450th Anniversary Campaign
Co-Chair and member of the first
female undergraduate cohort at Jesus

In 2021, as we celebrate our 450th year, Jesus College will open a landmark new building in the heart of Oxford. Our biggest physical transformation since the 17th century, the pioneering redevelopment of the Northgate site will incorporate a new College quad, city centre postgraduate accommodation, and inspiring multi-purpose teaching and learning spaces. This development will enable College's exceptional students and researchers to engage across disciplines, share their research, and explore the most pressing challenges of the 21st century. With this new development, we are not just embracing the future of learning: we're shaping it.

Legacy Luncheon

SAVE THE DATE:

Saturday 5 June 2021

AT JESUS COLLEGE, OXFORD*

*subject to Covid-19 restrictions

Legacies have historically been very important for Jesus College and continue to be so. We are very grateful to all those who remember Jesus College in their wills. Thanks to legacies, the College has been able to fund Tutorial Fellowships, facilities, and bursaries, as well as many other awards for students.

Making a legacy for general purposes is the greatest way that you can safeguard the future of College. It enables us to react to changing priorities and to direct your support where it will make the most difference at any given time. You may alternatively wish to make a legacy to:

- Students in financial need
- Tutorial Fellowships and research
- College buildings and facilities
- Sporting and cultural activities

It is simple to include a gift to Jesus College at the time of writing or re-writing your will. An appropriate form of words would be:

"To the Principal, Fellows and Scholars of Jesus College within the City and University of Queen Elizabeth's Foundation, I give _____ and I declare that the receipt of the Estates Bursar or other proper Officer for the time being of the said College shall be full and sufficient discharge to my Executors for the legacy herein bequeathed to said College".

If you would like to discuss leaving a legacy to College, simply get in touch with Georgina Plunkett to let her know that you have made provisions in your will. You can reach Georgina via email: georgina.plunkett@jesus.ox.ac.uk.

The University of Oxford North American Office can advise on estate planning and legacy giving for alumni for Jesus College in the USA or Canada.

Keep in touch...

CONNECTING THROUGH CHANGING TIMES

Throughout the year we offer a range of communications via email, print, or on our social media channels. We are delighted to update you with the latest news, events, and happenings at College and encourage you to keep in touch.

VIA EMAIL

Termly Takeaway: This termly publication will give you the inside scoop of what has been happening at Jesus, plus forthcoming events for your diary.

Record E-Bulletin: Jesus College Record Bulletin brings to you the latest news from the College community and alumni. This newsletter is published in the first week of every month.

In the Loop: This is a fortnightly newsletter introduced in summer 2020 for alumni who do not wish to follow social media channels but are still interested in the content College shares on these platforms.

VIA POST

Jesus News: This is a relatively new publication. The first issue was introduced in the summer of 2018 and is continuing to be published annually every summer. Jesus News celebrates the achievements of College and its members as each academic year draws to a close.

The Record: Published annually in the winter, the Record brings our alumni and supporters all important College news and updates, summarised in one densely packed publication.

XL Newsletter: The Jesus Old Members' Group (XL Network) is the alumni group for Old Members of Jesus College who matriculated 40 or more years ago – currently in or before 1980. This newsletter is published annually.

SOCIAL MEDIA

Social media provides opportunities for alumni to keep in touch with College, and to find out about news and events. To join **Facebook**, search on Facebook for Jesus College and click on 'Jesus College, Oxford – Alumni' (www.facebook.com/jesus.alumni). The **Twitter** handle is @JesusAlumni, **Instagram** is [jesuscollegeoxford](https://www.instagram.com/jesuscollegeoxford), and the alumni **YouTube** channel is Jesus College Alumni. There is also a group on **LinkedIn**: go to www.linkedin.com and search for 'Jesus College Alumni'.

You can sign up to publications mentioned above by emailing alumni@jesus.ox.ac.uk.

To view previous issues, please visit our alumni website: www.alumniweb.ox.ac.uk/jesus/alumnibenefits.

We would love to hear your feedback on our communications, if you have any suggestions of the content you would be interested in, or how we can improve our communications please get in touch!
